

## Michigan Association of County Drain Commissioners

### ARTICLE SUBMISSION INFORMATION

*Pipeline* issues are published quarterly and mailed to members and associate members of the Michigan Association of County Drain Commissioners, as well as distributed to interested parties to promote the association and the county drain/water resources commissioner offices throughout the state of Michigan. MACDC welcomes submission of articles from members and nonmembers alike for consideration in a future issue.

#### **Requirements**

**Format** – Articles should be in digital format in Microsoft Word or Rich Text Format (RTF) documents. Supporting material (charts, tables, etc.) may be submitted in Word, Excel, PDF, or JPEG. We cannot accept submissions in PowerPoint for publication.

**Length** – Articles should be a maximum of 1,500 words in length.

**Subject Photos** – Whenever available, please include photos of the article's subject in JPEG format, and please include captions for all photos.

**Author Photo** – Please include a photo (professional photo preferred), if available.

#### **Editing**

It is important for authors to understand that MACDC reserves the right to edit all submissions. This editing is taken seriously, as considerable effort goes to preserving the author's "voice" during the editing process.

#### **Submissions**

Please submit your article for consideration to [admin@macdc.us](mailto:admin@macdc.us). Timing of publication for each submission may vary based on the amount of content received.
